

Waltham

Maturity:

85-97 days to maturity. Strong growing vine.

Fruit:

Attractive tan colour fruit. Averaging 0.8 - 2 kg, 20-25 cm in length. Slightly elongated, long thin neck with good shelf life. Small cavity, high flesh content and good colour. Fruit uniformity superior to other strains through selection.

Plant:

High vigour under colder germination conditions.

Habit:

Breeder has focused on uniformity of shape and yield.

Storage:

Excellent storage ability 4—6 months.
