

Comet F1

Comet F1

An Early hybrid with good skin retention and skin numbers. Very firm, with excellent colour. Mature in December and storage up to 9-10 months. All our in house storage testing is without any chemical application.

Comet F1

This strong hybrid fits in the Ayoba sowing segment, but it's great **advantage** is that it — **matures 10 DAYS EARLIER.**

2013 seed: germination 86% interim and 94% final. Seed count 235,000 per kg.
